

The Hypothyroidism Treatment Satisfaction Questionnaire: ThyTSQ- Past

The following questions are concerned with your early experiences both before and after you were told you had underactive thyroid.

Please answer each question by circling a number on each of the scales.

1. How satisfied were you with the way doctors dealt with your underactive thyroid around the time it was first diagnosed?

very satisfied 6 5 4 3 2 1 0 very dissatisfied

2. How satisfied were you with the information provided by doctors about **underactive thyroid**?

very satisfied 6 5 4 3 2 1 0 very dissatisfied
