Diabetes Treatment Satisfaction Questionnaire (change): DTSQc

For the past few weeks/months you have been taking part in a diabetes treatment study. At the start of the study you may have had a change of treatment. Today we would like to know how your experience of your current treatment (including medication and diet) has changed from your experience of treatment before the study began. Please answer each question by circling a number on each of the scales to indicate the extent to which you have experienced changes. If you have experienced no change, please circle '0'.

1.	How satisfied are you much more satisfied now	with you 3	ır curre 2	ent treat 1	ment 0	? -1	-2	-3	much less satisfied now
2		alt that w			or lov	olo hava	haan	unaccont	
2.	How often have you f much more of the time now	3	2	1	0	-1	-2	-3	much less of the time now
