

# HIV Treatment Satisfaction Questionnaire (change): HIVTSQc

For the past few weeks/months you have been taking part in an HIV treatment study. At the start of the study you may have had a change of treatment. Today we would like to know how your experience of your current treatment has changed from your experience of treatment before the study began. Please answer each question by circling a number on each of the scales to indicate the extent to which you have experienced changes. If you have experienced no change, please circle '0'.

1. How satisfied are you with your current treatment?

much more  
satisfied now

3 2 1 0 -1 -2 -3

much less  
satisfied now

2. How well controlled do you feel your HIV has been recently?

much better  
controlled now

3 2 1 0 -1 -2 -3

much worse  
controlled now
