

# The Hypothyroidism Treatment Satisfaction Questionnaire: ThyTSQ- Past

The following questions are concerned with your early experiences both before and after you were told you had underactive thyroid.

Please answer each question by circling a number on each of the scales.

1. How satisfied were you with the way doctors dealt with your underactive thyroid around the time it was first diagnosed?  
very satisfied      6   5   4   3   2   1   0      very dissatisfied
2. How satisfied were you with the information provided by doctors about **underactive thyroid**?  
very satisfied      6   5   4   3   2   1   0      very dissatisfied
3. How satisfied were you with the information provided by doctors about the **treatment** for underactive thyroid?  
very satisfied      6   5   4   3   2   1   0      very dissatisfied
